Understanding the Entity and Its Environment 1671 governance (such as minutes of board of directors' meetings), and in-ternal audit • Visits to the entity's premises and plant facilities • Tracing transactions through the information system relevant to financial reporting, which may be performed as part of a walk-through

Understanding the Entity and Its Environment and Assessing

A financial audit is conducted to provide an opinion whether "financial statements" (the information being verified) are stated in accordance with specified criteria. Normally, the criteria are international accounting standards, although auditors may conduct audits of financial statements prepared using the cash basis or some other basis of accounting appropriate for the organisation.
