The pie rule, sometimes referred to as the swap rule, is a rule used to balance abstract strategy games where a first-move advantage has been demonstrated. After the first move is made in a game that uses the pie rule, the second player must select one of two options: Letting the move stand. The second player remains the second player and moves immediately.

Indirect rule was a system of governance used by the British and French to control parts of their colonial empires, particularly in Africa and Asia, through pre-existing indigenous power structures. These dependencies were often called "protectorates" or "trucial states". By this system, the day-to-day government and administration of areas both small and large was left in the hands of ...
